Sections of the Act respecting the distribution of financial products and services

439. A distributor may not subordinate the making of a contract to the making of an insurance contract with the insurer specified by the distributor.

The distributor may not exercise undue pressure on the client or use fraudulent tactics to induce the client to purchase a financial product or service.

440. A distributor that, at the time a contract is made, causes the client to make an insurance contract must give the client a notice, drafted in the manner prescribed by regulation of the Authority, stating that the client may rescind the insurance contract within 10 days of signing it.

441. A client may rescind an insurance contract made at the same time as another contract, within 10 days of signing it, by sending notice by registered or certified mail. Where such an insurance contract is rescinded, the first contract retains all its effect.

442. No contract may contain provisions allowing its amendment in the event of rescission or cancellation by the client of an insurance contract made at the same time. However, a contract may provide that the rescission or cancellation of the insurance contract will entail for the remainder of the term, the loss of the favourable conditions extended because more than one contract was made at the same time.

443.
